Frequently Asked Questions

What is the official QuickBooks Desktop helpline number?

Intuit primarily directs customers to use the **Help → Contact Us** feature inside QuickBooks Desktop to request a callback or chat with support rather than relying on a single published phone number. (QuickBooks)

Is QuickBooks Desktop still supported?

Yes. Supported versions of QuickBooks Desktop and QuickBooks Desktop Enterprise continue to receive updates, payroll services, and technical support. (QuickBooks)

Can I get help with QuickBooks Payroll?

Yes. Payroll support is available for payroll setup, tax table updates, direct deposit troubleshooting, payroll errors, and subscription management. (QuickBooks)

How do I contact QuickBooks Desktop support quickly?

The fastest official method is:

- Open QuickBooks Desktop
- Select Help
- Click Contact Us
- Request a callback or start a chat

This routes your request to the appropriate support team. (QuickBooks)
